The Bancroft Library is the primary special collections library at the University of California, Berkeley. One of the largest and most heavily used libraries of manuscripts, rare books, and unique materials in the United States, Bancroft supports major research and instructional activities and plays a leading role in the development of the University's research collections.

The Janet Turner Print Museum was first established at CSU, Chico in 1918 by a generous bequest of the personal print collection of the noted CSU, Chico educator/artist Dr. Janet E. Turner (1914-1988). Her original donation of 2,000 prints has grown steadily through purchase and donation to nearly 4,000 artisan prints representing at least 40 countries and 6 centuries. The collection is regularly displayed in calendared exhibitions August through May and is used for individual, group and class study in its Archive. Additionally, the Museum serves as a site for museum studies through its Curatorial Graduate and Undergraduate Intern Program. Its Kids@TheTurner free, after school art program facilitates art experience and regional class field trips serving the K-12 educational systems.
