**The California Society of Printmakers** (CSP) is a non-profit 501(c) arts organization promoting the practice and appreciation of fine art contemporary printmaking in the West. Our mission is to support both the integrity of traditional printmaking and provide a home for artists exploring new directions in contemporary print methods. Currently, the CSP has a membership of approximately 280 artists, and welcomes new members each spring and fall. Though the majority of our members live and work in Northern California, membership is open to printmakers throughout the world.
