

SCREEN PRINTING & ENCAUSTIC MONOTYPE WORKSHOP AT EQUINOX PRESS STUDIOS WITH EVELYN KLEIN

Learn the ins and outs of Screen Printing on the first day of this basic workshop at Equinox Press. We will learn how to create unique images using the Photo Emulsion Stencil process. This versatile medium is simple to learn and there is no experience required.

On the second day we will layer encaustic monotype over screenprinted images, which you will manipulate, cut & collage to create a work on panel. I will demonstrate how to use cold wax with oil paints working reductively to create a smooth finish over your work.

Space is limited to 8 students, emphasis on individual attention, so sign up soon.

Date: May 18 & 19, 2019

Time: 10-5pm

Fee: \$190 (all materials included)
