

# Pastel Transfer Workshop

**With Robynn Smith at Blue Mouse Studios, Aptos, CA**

Pastel Transfer is a great technique for using soft pastels in monotype, applying areas of color to a print without opening messy cans of ink, and creating soft, subtle ghost prints. It yields vibrant color on its own, and you can combine it with any other print technique such as Solarplate, copper etching, woodcut, etc. to create rich layered prints.

Love to draw but have little printmaking experience? Love printmaking and seek to expand your repertoire? Want to add a little something to your drawings and prints? This workshop is for you!

**Add this exciting technique to your practice through individualized instruction in printmaking and the use of soft pastels.**

**Saturday and Sunday, December 7 & 8, 10:00-4:00**

**\$175.00 includes materials!!**
