

# **Color in Printmaking Workshop (again!)**

## **with Robynn Smith**

### **at Blue Mouse Studios, Aptos CA**

Are you new to printmaking? Do you have printmaking experience and want to expand your palette? Are you a seasoned printmaker who would like to understand color a bit better or spice up your practice? Have you taken a color class before and want to delve deeper? This workshop is for you. Work with monotype, intaglio or relief plates that you create at the workshop, or bring existing plates to re-work. We will dive deeply into color theory and practice, exploring color mixing, layering, problem solving, color systems and intuitive responses to color.

With over 30 years of experience teaching color, Robynn will help advance your understanding and practical use of color. Be part of a colorful printmaking adventure full of inspiration and camaraderie. No solvents in the studio, quality materials, limited to eight vaccinated participants only, so we have room to roam!

**Saturday and Sunday, April 23& 24, 2022**

**10:00-4:00**

**\$260.00 includes most materials**
