

YES! Another Event for CSP Members!

Place: Equinox Press / Carmel, CA

Kindly Presented by Evelyn Klein

Demo / Studio / Q&A

Date: Thursday, April 27 10-12pm

Lunch – brown paper bag / refreshments available

Address: 26425 Via Mallorca

I will be sharing some new techniques / processes in printmaking which I experimented with over the pandemic, refining them further later on.

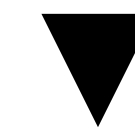

We will have time after my demo for Q & A, followed by a lunch & refreshments, where we can continue our shared conversation on printmaking.

Evelyn's Studio is located in lovely Carmel Valley. The studio is extensive and surrounded by nature. She is Monterey Peninsula College's head of the printmaking department.

No matter where you live it will be an informative and fun experience and well worth the drive.
