The Lamorinda Arts Alliance, Lamorinda Arts Council, and California Writers Club - Mt. Diablo Branch, announce a collaborative exhibit of *Ekphrasis* at the Orinda Library May 2nd through June 2nd.

This is creative project of fine art works that inspire literary works, and conversely, literary works that inspire fine art works, will be on display to be enjoyed by the public and fellow art and literary enthusiasts.

When the arts intertwine, a symbiosis occurs. Both words and images are essential to human experience, thus creating the desire for compatible relationships between visual representation through design and narrative.

Ekphrasis is a Greek word defined as writing that describes or explains other art; for this exhibit, we add that art can describe or explain writing.

Visual Arts will include mixed media, glass work, mosaic, paintings, photography, porcelain, and woodturning.
