
Live Model Art Sessions

Sawtooth Building, Berkeley, CA | Fridays, 9:00 AM–12:00 PM

Join us for a relaxed, inspiring morning of figure drawing and art-making with a live model in a beautiful Berkeley setting. Open to artists looking to practice, explore, and connect through observational work.

We usually work in 3-hour poses that continue over two weeks, for a total of 6 hours per pose, making this a great opportunity for artists who want time to more fully develop their drawings or paintings.

Example of longer-pose work from the session.

A welcoming session for artists who want sustained pose time rather than quick sketches.
