Visual Arts Thematic - On Other Archives

PROGRAM DATES

November 2 – December 4, 2026

DEADLINE TO APPLY

May 6, 2026

Apply today.

banffcentre.ca/visual-arts

Working with institutional, personal, fictional and/or speculative archives, participants are invited to think critically about the archive as a method or 'technology' for re-storying social and cultural narratives. Themes may include, but are not limited to: familial/ancestral lineages and cultural inheritance, oral histories, micro-histories, absence, amnesia, re-memory.

Participants will be engaged in stimulating discussion and mentorship by leading faculty **Deanna Bowen**, **Krista Belle Stewart**, and **Tarah Hogue**.

Visual Arts residencies at Banff Centre are structured programs of faculty-led activity and mentorship, supporting project-based studio practice. Participants will be mentored by accomplished faculty through research, experimentation and hands-on learning.

This residency is for individual artists or duos who have completed formal training in visual arts at the post-secondary level, or equivalent experience and peer recognition acquired through traditional knowledge and practices.

Financial Aid of 100% is available to cover tuition, and 25% to offset meals and accommodation costs.
