

Charles Brand 26 × 48 Professional Etching Press

Excellent Condition — Easy Warehouse Loading

One-owner Charles Brand floor-model etching press with a 26-by-48-inch steel plate.

Purchased new in 1982 and used only occasionally during its 44-year ownership. It has been carefully maintained and is in excellent condition.

Charles Brand presses are professional studio presses known for their exceptionally heavy construction and durability. The Charles Brand product line is now manufactured and supported by Conrad Machine Company.

The comparable current model sells new for approximately \$12,900 plus tax and shipping.

- 26 × 48-inch steel press bed
- Heavy professional floor-model construction
- One owner since new
- Light, occasional studio use
- Excellent overall condition
- Blankets and accessories included
- Estimated weight approximately 1,100 lbs.

The press is located in a commercial warehouse in Redwood City. It is on one level with a smooth concrete floor and direct access through a large roll-up door.

Price: \$5,000 or best reasonable offer.

Available for inspection and demonstration by appointment. Sale and removal must be completed by late September.
